DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

Drawings

2. The drawings are objected to because in Figure 8 the lefthand most reference number 24c should instead be 24a. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Specification

3. The disclosure is objected to because of the following informalities: on page 8, [0046], line 10, "such that a the" should be "such that the". Appropriate correction is required.

Claim Objections

4. Claims 11 and 17 are objected to because of the following informalities:

In claim 11, lines 2-3, the recitation "the inner and outer side rail parts are secured together along longitudinally extending edges and" is repetitive and should be deleted.

In claim 17, line 3, "that" should be inserted after "such".

Appropriate correction is required.

Allowable Subject Matter

5. Claims 1-10, 12-16, and 18-22 are allowed.
6. Claims 11 and 17 are objected to as containing a minor informality but would be allowable if rewritten to overcome the informality.

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
